THE SONOMA COLLECTION

THE SONOMA COLLECTION DOORS ARE MADE FROM 16MM THICK COMPACT BOARD.

COMPACT IS MADE BY HEAT PRESSING RESIN-SOAKED SHEETS OF CRAFT PAPER INTO A HOMOGENOUS SHEET. THE DECORATIVE FACES ARE INTEGRAL TO THE SHEET.

ALL EDGES ARE POLISHED BLACK WITH AN OPTIONAL MITERED EDGE.

SONOMA COLLECTION DOORS HAVE A 10-YEAR WARRANTY

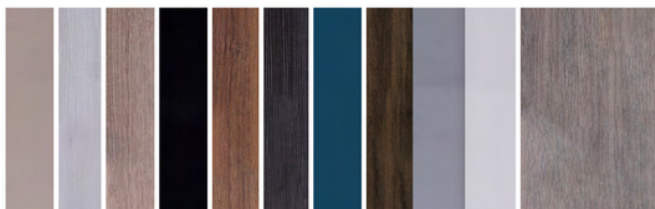

THE WINDSWEPT COLLECTION

ACCOYA IS A SUSTAINABLE LUMBER THAT HAS BEEN TREATED WITH A NON-TOXIC PROCESS TO BE DIMENSIONALLY STABLE, RESISTANT TO INCLEMENT CONDITIONS, AND REPELLANT TO INSECTS.

ACCOYA WINDSWEPT COLLECTION DOORS HAVE A 10-YEAR WARRANTY.

ALL ACCOYA DOORS ARE FINISHED WITH THE BASECOAT COLOR ON THE BACKSIDE.

THE ZÄHBUILT DIFFERENCE

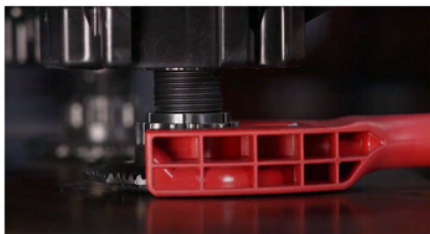

AT ZÄHBUILT, WE PRIDE OURSELVES ON USING THE LATEST AND BEST MATERIALS AND DESIGN PROCESSES TO MAKE OUR CABINETS LONG-LASTING AND INSTALLER-FRIENDLY.

LDPE CABINETS & LOCK DOWEL FASTENER SYSTEM

OUR CABINET BOXES ARE MADE FROM A UV STABLE LOW DENSITY POLY MARINE BOARD (LDPE), WHICH IS IDEAL FOR EXTERIOR USE. UNLIKE COMMONLY USED MATERIALS LIKE PVC OR FOAM, LDPE WON'T WARP WHEN EXPOSED TO THE SUN.

WE USE A LOCKOUT FASTENER SYSTEM CALLED "LOCK DOWEL" TO PUT TOGETHER ALL OUR CABINET SIDES AND DRAWER BOXES, ALONG WITH STAINLESS HARDWARE AND SOFT-CLOSED DOORS AND DRAWERS.

LEG LEVELER SYSTEM

ALL OF OUR BASE CABINETS COME STANDARD WITH ADJUSTABLE LEGS AND AN EASY-TO-USE LEG LEVELER TOOL. THIS ENSURES THAT OUR CABINETRY IS INSTALLER-FRIENDLY, WITH QUICK AND HASSLE-FREE INSTALLATION THAT DOESN'T REQUIRE ANY SPECIAL TOOLS.

FLOATING CENTER PANEL SYSTEM

WE USE A FLOATING CENTER PANEL IN ALL OUR WINDSWEPT SHAKER, LOUVER, AND 5-PIECE DOORS TO PREVENT STYLES OR RAILS FROM SPLITTING OR CRACKING. THIS INNOVATIVE MANUFACTURING PROCESS ADDS AN EXTRA LAYER OF DURABILITY TO OUR CABINETS, ENSURING THAT THEY WILL LAST FOR YEARS TO COME.

ALL ACCOYA DOORS ARE FINISHED WITH THE BASECOAT COLOR ON THE BACKSIDE
